Petree's Job Information

Petree Nursery is proud to provide competitive wages to employees demonstrating a strong work ethic and the ability to rise to the unique challenges of the industry.

New hires start above minimum wage and are assessed for a raise during the first two full weeks of their work schedule. On-the-job training is provided.

Positions at Petree's are seasonal, and some have a shorter season than others. Established team members are invited back year after year. Please read the job descriptions below before filling out your application.

Retail Team members are great with people and thrive in a fast-paced environment. As a team member, you'll be interacting with customers in person and on the phone, answering their basic questions, directing them to the appropriate experts and products, and ringing up their purchases. You'll also be helping maintain display areas and keeping the front showroom looking its best. You may be asked to help with some simple plant care and stocking of inventory as needed. Basic computer skills and experience with point-of-sale systems and credit card transactions are helpful but not required. We are happy to train the right person.

Grounds Crew staff are hard workers, able to switch frequently from task to task as needed. Those who love to stay physically active and spend lots of time outdoors are well suited to a position on this crew. Responsibilities include loading and unloading inventory and larger purchases, property maintenance, and lending support to the Retail Team and Greenhouse Crew when requested.

Greenhouse Crew members are the plant people. Qualified candidates have a basic understanding of plants, their care, and the differences among them. Your gardening and/or horticultural background will be put to good use on this crew. This is a physically demanding position that requires a great deal of time on your feet in the heat of the season, and the ability to lift at least 40 pounds. Our customers always have lots of questions for the Greenhouse Crew, so people skills are important.
